Award Winning Designers

2015 INSTORE "America's Coolest Stores" Jewelry Design Award

CONCEPT TO COMPLETION

OUR INTERIOR DESIGN SERVICES:

- Professional space planning using AutoCAD
- Preliminary layout drawings (to be finalized by architect)
- Complete job coordination with chosen architect or contractor
- Furniture and upholstery selections
- Color palette and custom color schemes
- Custom furniture and cabinetry design options
- Wall and flooring treatments
- Advanced lighting placement and specification
- Specialized in accessorizing your store

If you are starting fresh renovating or expanding, our award-winning design team will consult with you every step of the way. From concept to completion, your Interior Design Consultant will turn your dream into reality by creating a space that captivates your clients. We will work with you one-on-one or with an architect or contractor. Our design resource library features hundreds of vendors specializing in durable finishes for commercial jewelry store design.

WE ARE YOUR DESIGN SOURCE

NEW CONSTRUCTION & RENOVATION

Whether you are launching a new business, renovating your current space, or opening another location, Leslie McGwire™ & Associates has the experience and expertise to transform your space into an environment that reflects your image and dream come true.

ACCESSORIES & FURNITURE

Whether it's an art piece on the POS desk, mirrors, framed art behind a chair, or a fresh floral arrangement, your look is completed through its smallest details. We can offer you the accessories, you need to complete a picture perfect store.

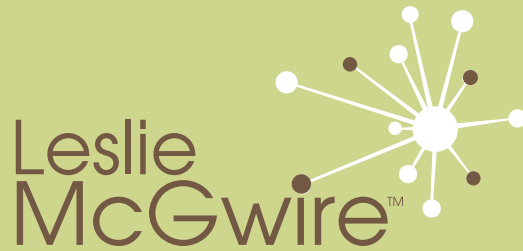

LIGHTING

Lighting is important, yet often overlooked aspect of your store's functionality and performance. Lighting helps create the overall environment in your location. When using LED lighting, choosing focal points, chandeliers, or decorative scones all make such a difference in your overall design and sales. If you're looking for relaxing or dramatic lighting, we can give you the look you want.

FLOORING

Commercial flooring for jewelry stores need to be durable with little maintenance and visual impact for your valued customers and employees. We utilize our knowledge and experience and keep your needs in mind when choosing options for your location.
